

# Policies

In addition to ensuring your risk assessments are up to date, we also suggest you consider your policies. These are good for ensuring staff, parents and children all know and understand their roles and responsibilities.

It is up to you as an educational establishment to decide which policies you will use and to tailor them to the needs of your setting.

It is essential that you update these regularly, yearly, or when an incident occurs, just like your risk assessment, and share with all parties involved.

Helpful policies may include:

- Weather policy
- Clothing policy for children and staff
- Supporting ASN in the outdoors
- Reporting to Parents
- COVID-19
